your style

hundreds of options
to make your statement

 savaria™

designer series

decorative coverings

- High quality vinyl laminate applied to melamine elevator cab panels
- Can also be applied to metal auto slim doors (both car and landing sides)
- Choose one material, or mix and match

Offerings include:

- textured domestic and exotic wood looks
- metal flecked and metallic effects
- patterned wallpaper and fabric designs
- simulated leather and cork
- tone-on-tone gloss and matte patterns
- solid smooth colors
- stone looks with gloss finish

► Shown here: simulated ostrich skin cab with black tone-on-tone checkered doors
