## Why Should You Purchase a Mobility Maintenance & Service Plan?

Now that you've had your Mobility Elevator or Lift installed, you'll want to give it the care and maintenance it deserves to keep it in excellent running condition. Most parts and labor are covered within the first few months of purchase, but it is important to review your warranty and then extend your coverage in order to protect your investment. Proactive maintenance and proper care of your unit are critical to keeping your system in excellent working order...when you need it the most.

Mobility Maintenance & Service Plans are designed to offer one, two or four routine maintenance visits per year to keep your system in top condition, along with the added bonus of a 25% discount on all parts, service labor, and trip charges. As an extra bonus, we also include a 25% discount on any required annual inspections. Plus, if you have two or more Mobility Systems at the same location, you also receive a 25% discount on subsequent Mobility Maintenance & Service Plans of equal or lesser cost. In addition, you move to the top of the list with Priority Express appointment scheduling for maintenance visits or service calls.

## How Do I Make an Appointment?

Our plan members benefit from high savings and peace of mind that their system is being maintained regularly...and is much less likely to experience an interruption in operation or need costly service and repair. With any Mobility Maintenance & Service Plan, you have the option to call us during our regular business hours to schedule an appointment at your convenience. We will also send you a reminder notice that your Plan is due for renewal and offer you the choice to either continue with your present plan or change it to a different Plan, if that best suits your needs.

## What Types of Plans Are Available?

### Mobility Elevator & Lift Offers Three Plans Designed to Suit Your Needs:

**Mobility Silver Plan** — Offers one (1) routine maintenance visit each year. A 25% Discount can be used on any service call during the contract term on any parts, labor, and trip charges incurred. A 25% Discount on required annual inspections. A 25% Discount on all additional Mobility Maintenance & Service Plans at the same location of equal or lesser cost. Priority Express appointments for maintenance visits or service calls.

**Mobility Gold Plan** — Offers two (2) routine maintenance visits each year. A 25% Discount can be used on any service call during the contract term on any parts, labor, and trip charges incurred. Additionally, one maintenance visit can be exchanged for a service call of up to one hour. A 25% Discount on required annual inspections. A 25% Discount on all additional Mobility Maintenance & Service Plans at the same location of equal or lesser cost. Priority Express appointments for maintenance visits or service calls.

**Mobility Platinum Plan** — Offers four (4) routine maintenance visits each year. Three of the four maintenance visits can be exchanged for service calls with Unlimited Labor Time Included! A 25% Discount on any parts. A 25% Discount on required annual inspections. A 25% Discount on all additional Mobility Maintenance & Service Plans at the same location of equal or lesser cost. Priority Express appointments for maintenance visits or service calls.

## What Is Covered During a Typical Routine Maintenance Visit?

Our trained technicians are the best in the field. Here are some examples of the maintenance, tests and checks that will be performed during routine maintenance to ensure your system is running smoothly and safely:
